PROFESSIONAL SUMMARY

Product Manager with **2.5+** years of experience building workflow-intensive products across fintech, commerce, health-care, and employee benefits. **Experienced in designing operational systems**, partner integrations, onboarding journeys, **fulfillment workflows**, and data-driven customer experiences. Strong background in 0-1 product development, process automation, analytics, and cross-functional execution.

EXPERIENCE

Product Manager | SwishX

Jan 2026 – Present

Bengaluru, India

- Leading product strategy and execution for a pharma channel intelligence platform enabling real-time visibility across distributors, retailers, field representatives, and healthcare partners.
- Built inventory visibility, claims processing, rewards fulfillment, and partner management workflows enabling real-time operational tracking across 5,600+ distributors and 14,733+ retailers.
- Increased field force productivity by 25% through mobile-first workflows and streamlined sales execution processes.
- Enabled 14,733+ retailers and 5,600+ distributors to transact digitally, improving channel visibility and operational efficiency.
- Reduced claim fulfillment turnaround time from 7 days to under 24 hours through workflow automation, approval orchestration, and exception handling mechanisms.
- Designed CXO command-center dashboards and analytics workflows, enabling business leaders to monitor sales performance, channel health, and operational risks in near real time.
- Leveraged AI-assisted prototyping and rapid experimentation to accelerate product discovery, design validation, and stakeholder alignment.

Associate Product Manager | Swish Club

Jan 2024 – Dec 2025

Bengaluru, India

Employee Purchase Program (0 -1)

- Owned the end-to-end product lifecycle for India's first employee smartphone leasing platform, from discovery to launch.
- Defined product vision, PRDs, roadmap prioritization, and execution across engineering, design, finance, compliance, operations, and sales teams.
- Achieved 20%+ employee-to-paid conversion, contributing to recurring revenue growth and enterprise retention.
- Increased Week-1 activation from 5% to 20% by redesigning onboarding journeys using gamification, contextual nudges, and simplified value communication.
- Built employee education programs including webinars, FAQs, and in-app walkthroughs, contributing to a 4x improvement in Week-1 activation from 5% to 20%.
- Scaled adoption across 50+ enterprises including FamPay, StoneX, Zaggle, ClearTax, and Reliance Jio.
- Led integrations with 25+ enterprise HRMS systems, designing API workflows, eligibility validation engines, and automated onboarding pipelines

Co-Founder | SnaxZero

Aug 2023 – Dec 2023

Chennai, India

- Acquired 10+ B2B distribution and retail partners through direct outreach, partnership development, and market expansion initiatives.
- Secured bulk B2B orders and established supplier relationships, managing end-to-end sourcing, packaging, pricing, and go-to-market execution.

SDET | MojoCare

May 2022 – Jul 2023

Bengaluru, India

- Developed automation frameworks using Python and Selenium, improving test coverage and reducing manual testing effort.
- Integrated automated test suites into CI/CD pipelines, enabling faster and more reliable software releases.
- Executed functional, regression, performance, and cross-platform testing across web and mobile products.
- Collaborated closely with engineering teams to improve product stability, reliability, and release quality.

Senior Software Test Engineer | Dollop Infotech

Jul 2019 – Jan 2022

- Led testing and quality assurance activities across multiple client projects.
- Designed and executed automation scripts, regression suites, and release validation processes.
- Collaborated with cross-functional teams to improve software quality and delivery efficiency.
